The following output shows the rankings of all scientists in business administration in the German speaking countries Germany, Austria, and Switzerland and researchers who are born in these countries. In this ranking only publications from the years 2014 to 2018 and forthcoming articles are considered. The standard ranking is based on VHB-Jourqual 3 journal list, there is a co-author correction, the journals are weighted as A++=1, A=0.5, B=0.25, C=0.1, D=0.05, K,R=0.025. For a more detailed discussion of the main weighting scheme, see the [description of the weighting scheme](#). The WirtschaftsWoche publishes our main ranking (1 – VHB Jourqual 3 journals and weights) on their [webpage](#).

Select weighting scheme:

12 - SJR weights considering just A and A+ publications
